Quality,

the Right Choice

perfekt wallgrass

Compared with other artificial plants in the market, Our products show remarkable advantages in these aspects.

● We

● Others

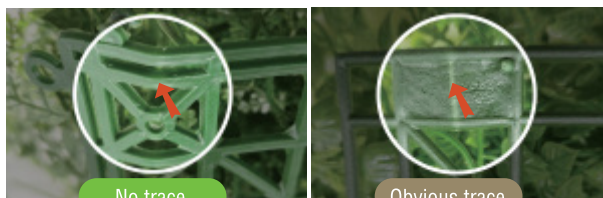

No substantial changes

Obvious breakage and color fading

Anti-UV

Our products have excellent anti-UV ability and pass a 5000h aging test.

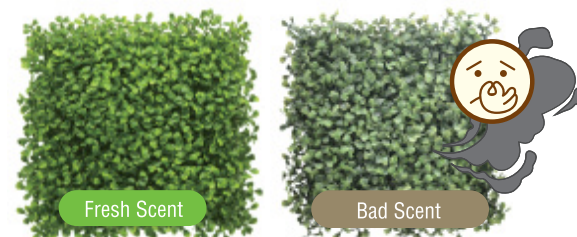

100% Virgin Material

Our products only produced by 100% pure PE materials. Durable, longer service life and environment-friendly.

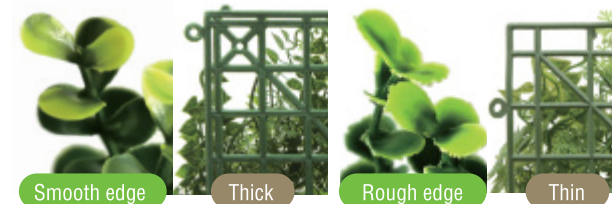

Healthy & Eco-friendly

We have passed PAHs, REACH and VOC A+ tests to prove our products are healthy and environmentally friendly.

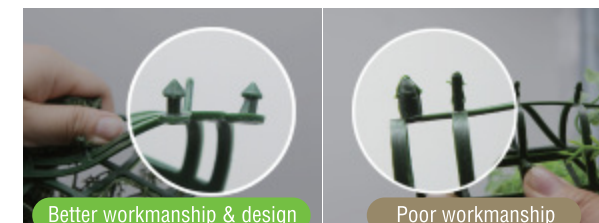

Scent

Our products are made by 100% virgin material to bring you a pleasant scent and feeling for life.

Appearance

Our products look clean and clear appearance with no small holes and burr in the leaves.

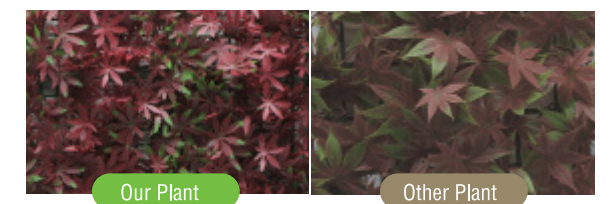

Strong Joints

We provide super tight joint which are reinforced with an advanced design to prevent the leaves from falling off.

Weather Resistance

Our products are manufactured using a superior formula that can endure any weather condition, even in summer and winter.

Aesthetics

Our products offer you a lush garden all year around supported by guaranteed quality material and excellent technology, while others look fake.

Fire Retardant

We provide fire-retardant product options.

Warranty

Our products provide a 8 years warranty for outdoor use and 10 years for indoor use.
